

TECHNICAL & HOSPITALITY RIDER

Brook B is easy to work with. The gear below is a preference, not a hard demand. If you are unable to provide the requested CDJs or better, that is not a dealbreaker: just let Brook B know ahead of time so alternatives can be discussed. House-standard equivalent equipment is welcome, and "or better" means any newer or higher model in the same line is perfectly fine.

— PRODUCTION RIDER

- ▶ **2x Pioneer CDJ-2000NXS2** (or better)
- ▶ **1x Pioneer DJM-900NXS2 mixer** (or better)
- ▶ **Booth monitor(s):** at least one powered monitor, two if available
- ▶ **Standard link configuration,** tested and working before the set
Grounded power at the booth. Brook B provides his own headphones and USB media.

— HOSPITALITY RIDER

- ▶ **Guest list:** 2 spots
- ▶ **Booth water:** bottled water at the decks
- ▶ **Drinks:** 3x 12oz High Noon (any flavor)
